Agenda – Jamboree Contingent Meeting 5/16/13

7:05 Opening – SPLs to recruit scouts

7:10 Welcome and Reminders – Mark & Jim

- Welcome
- Review agenda
- 2 Uniforms Update
  There will be some special hours for purchase but NO discounts
  - Thursday May 23rd until 8:30pm
  - Friday May 31st until 8:30pm

  Patrol Patches and Patrol Flags are the responsibility of the patrol
- Applicant Photos on Dashboad - May 27th is the cutoff for photos to be submitted. After that date, the Jamboree will be ordering I.D. cards for those having submitted acceptable photos. The photo must be similar in nature to a passport photo or driver's license meaning a **clear, straight-on head shot** with only the applicant visible in the photo. They should not be a candid family photos showing the participant or staff member holding a fish or such. Only photos meeting the above standard will be accepted.
- Visitors passes are available: For parents and others in your council: https://summit.scouting.org/en/Jamboree2013/Pages/Visitors.aspx
- Pickup your Duffel Bag tonight
- You will receive email with your curriculum / schedule on June 21st. Print 2 copies to bring with you
- There is 1 spot available in troop D240. Cost $1500. Please share with anyone that may be interested

7:15 Itinerary – Jim

7:20 Technology Quest - Jason

7:25 Shakedown Weekend Saturday June 22 – Sunday June 23 – John Sosnowski and Chris Long

7:35 Medical Forms – Jamie

7:40 Question & Answer

7:50 Troop Breakout

- Patrol Flags
- Patrol Contact Information

8:15 No Closing – leave when complete

GNFC Jamboree Shakedown *(updated 5.10.2013)*
Camp Schoellkopf

Date/Time	Activity	Staff Responsible	Location
Friday, 6/21			
6pm	Staff arrives	all	Troop 7 Shelter
6-8pm	Set up round-robin activities	youth leaders	Doey Center/Council Ring
	Check-out cooking gear from training building	adult leaders	Quad
9pm	Meeting/Crackerbarrel	all	Doey Center
Saturday, 6/22			
7:30am	Staff breakfast	all	Doey Center
9am	Participants arrive	all	Doey Center
	Uniform inspection/Photos	Jim/Mark	Doey Center
9:30-10am	Set up campsites	SPL's	Sleepy Hollow/Red Jacket
10am-12pm	Round-robin activities (15 minute sessions)		
	Station#1—Spiderweb	Logan/Jeff	Council Ring
	Station #2—Blind walk	John/Jaime	Council Ring
	Station #3—Blindfold ten set-up	CJ/Jim	Council Ring
	Station #4—Who/What Am I?	Mike/John B	Doey Center
	Station #5—Human Knot	Scott/Jason	Doey Center
	Station #6—PVC Pipe Challenge	Eric/Mark	Doey Center
	Station #7—Hula-Hoop/Two Truths	Pat/Rob	Doey Center
	Station #8—Motion & Noise	Joe/Ginny	Doey Center
12pm	Lunch/Patrol Flag workshop	adult leaders	Doey Center
1-5pm	Round-robin trainings (50 minute sessions)		
	Fuels Safety	Dave Sepulveda	Troop 7 Shelter
	A Time To Tell/Youth Protection	Rob Reeves	McCormack
	Emergency Preparedness	Jaime Prowse	Council Ring
	Weather Hazards	Jason Crosby	Doey Center
5:30pm	Dinner	PL's	Doey Center
7-8:30	Service Projects (2 Patrols each)	Steve Slazak	Quad
	Project #1—Conservation Trail clean-up		
	Project #2—TBD		
	Project #3—TBD		
	Project #4—TBD		
8:30-9:00apm	Interfaith Service	Will/Noah	Council Ring
9pm	Campfire/Patrol flag judging	SPL's	Council Ring
10pm	Crackerbarrel	adult leaders	Doey Center
Sunday, 6/23			
8am	Continental breakfast/break camp	adult leaders	Doey Center
9am	Depart	all	

GNFC Jamboree Shakedown Weekend Menu
June 21-23, 2013
Camp Schoellkopf

Friday staff cracker-barrel—cheese, pepperoni, crackers, bug juice

Saturday staff breakfast—Mountain Man (eggs, bacon, cheese, onions, peppers, potatoes), coffee, milk, orange juice, charcoal

Saturday lunch—packaged crackers & cheese, beef jerky, granola bars, bug juice

Saturday dinner—Taco in a Bag (single-serve Doritos, ground beef, shredded cheese, lettuce, tomatoes, sour cream, taco seasoning, taco sauce, bug juice

Saturday cracker-barrel—veggies, dip, crackers, cheese, pepperoni, bug juice

Sunday breakfast—Poptarts, granola bars, coffee, orange juice, milk

NEW PROGRAM ITEM: All youth participants will soon be receiving an email about a new program activity. The Summit is partnering with the U.S. Navy to offer Scouts and Venturers who attend the 2013 National Jamboree the opportunity to earn the Summit SEAL Challenge Award. To earn this elite award at the Jamboree, youth must successfully pass the Navy SEAL Physical Screening Test (PST) while at the Summit. Youth must also complete the other requirements at or before the Jamboree. To help youth prepare for the test, the U.S. Navy has prepared an eight-week training guide. Youth will be required to run, swim and do pull ups under within a specified period of time. Youth can take the test no more than twice during the 2013 Jamboree. Signup for testing will be done at The Summit, where youth can meet and talk to Navy SEALs.

Swim - You must perform the test using either a Side Stroke or a Breast Stroke.

Push-ups - Must be performed with a straight back and feet and hands in contact with the deck at all times. No slouching allowed; proper form must be strictly maintained.

Sit-ups - Sit on the floor with your knees bent approximately 90 degrees. Cross your arms in front of you with fingertips touching your shoulders. Exercise through the full range of motion. Again, proper form must be strictly maintained.

Pull-ups - Grip pull-up bar with PALMS FACING AWAY FROM YOU. Hands are to be shoulder width apart. Do not swing, kick, or bicycle to assist. Make sure you go all the way up (chin above bar) then ALL THE WAY DOWN.

PST	**SEAL Physical Screening Test Minimum Requirements (PST)**	**SEAL *Competitive* Physical Screening Test Scores**	**SWCC Physical Screening Test Minimum Requirements (PST)**	**EOD Physical Screening Test Minimum Requirements (PST)**	**Fleet Diver Physical Screening Test Minimum Requirements (PST)**
SWIM 500 YDS.Side stroke/breast stroke	12:30 min	10:30 min	13:00 min	14:00 min	14:00 min
REST 10 MIN.					
PUSH-UPS (within 2 min)	42	79	42	42	42
Rest 2 minutes					
SIT-UPS (within 2 min)	50	79	50	50	50
Rest 2 minutes					
PULL-UPS (no time limit)	6	11	6	6	6
Rest 10 minutes					
1.5 MILE RUN	11:00 min	10:20 min	12:30 min	12:45 min	12:45 min

As noted in previous information, there is no “Merit Badge Midway” at the SUMMIT. The following Merit Badges are located in different areas of the Scott Summit Center.

ACTION POINT:

ACTION POINT:	GATEWAY VILLAGE:	LEGACY VILLAGE:	BOULDER COVE:	CONSERVATION*:
Engineering	Collections	Citizenship in the Community	Woodcarving	Astronomy
Architecture	Game Design	Citizenship in the Nation	Small Boat Sailing	Fish & Wildlife Management
Chemistry	Programming	Citizenship in the World		Fishing
Surveying	Chess	Family Life		Fly Fishing
Mining	Robotics	Genealogy		Forestry
Aviation	Weather	Scouting Heritage		Geology
Archeology	Railroading			Insect Study
Sustainability	Leatherwork			Nature
Cinematography	Traffic Safety			Orienteering
Electronics	Stamp Collecting			Photography
Electricity	Radio			Plant Science
Disabilities Awareness				Pulp & Paper
Reading				Soil & Water Conservation
Welding				

* Partial requirements of other merit badges will be included as part of the activities in the conservation program areas.

Technology Quest will showcase science and technology as never before! Every unit will have a chance to visit the Technology Quest "Cloud" base camp where you can: polish your photo skills and help National Geographic with an attempt at a new Guinness record, experience NASA and NASCAR activities, build robots with LEGO and Parallax, solve a crime with the world famous West Virginia University (WVU) Forensics team, and see chemistry in action with the Franklin Institute. Michigan Tech will bring back knock your socks off physics. You can make your own DNA, learn how the Virginia Bioinformatics Institute tracks viruses, fly model airplanes, learn about solar energy, and much more. Technology Quest is going to ROCK!

These are some of our exciting Partners:

- National Geographic
- NASA
- LEGO Mindstorms
- NASCAR and TeamSLR
- WVU Forensics
- Destination Imagination
- Michigan Tech
- Virtex
- Microsoft
- AT&T
- The Franklin Institute
- Goal Zero
- GeoScouting
- University of Charleston School of Pharmacy
- Mountain View Solar
- Academy of Model Aeronautics
- Parallax
- Geocaching.com
- Fairmont State

Here is what they have to say about what they will bring to you at Technology Quest:

The Franklin Institute "Don't miss The Franklin Institute's Traveling Science Show's team as they perform an exciting compilation of science demonstrations. See them make multicolor fireballs, suspend a beach ball in mid-air, experience super cold liquid nitrogen and watch a helium balloon inflate by itself!"

Geocaching.com and **GeoScouting.com** "Take geocaching to the next level with clever cache camouflage and challenging hides to find. Meet the authors of the geocaching merit badge and see how YOU can use the sport to help Scouting! Enter to win a trackable 100th Anniversary GeoCoin!"

LEGO "Did someone say LEGO® robots? Come by the LEGO tent and be one of the first to try the all-new LEGO MINDSTORMS EV3 – before you can even buy it!

Microsoft "Come experience the new Windows 8 laptops and Surface tablets!"

Mountain View Solar "Learn about renewable energy and sustainability with Mountain View Solar and Goal Zero. Learn how solar panels react under different circumstances. We will address

the differences in wiring the panels in (1) series vs (2) parallel, (3) the affect of different light angles on the panel, and (4) the affect of how shading different parts of the panel yields a different result."

NASA "NASA Advances Science, Technology and Exploration: Scouts at Technology Quest will engage in hands-on STEM activities focusing on remote sensing, electromagnetic spectrum, the Sun and solar observations, air traffic, air foils, and much more."

NASCAR and Team SLR "Attention NASCAR fans! Scott "Scotty" Lagasse Jr. and his NASCAR #8 BSA Chevy Camaro will have a strong presence at Technology Quest and will be joined by NASCAR as they share a behind the scenes look into BSA Racing. Scotty will be signing autographs, talking with Scouts, and sharing his experiences with campers. *Scouts, get ready to start your engines*!"

National Geographic "For 125 years, the National Geographic Society has proudly inspired people to care about the planet. As we set out on another 125 years, we invite YOU to join us at the Jamboree for an array of hands-on activities celebrating a New Age of Exploration."

Parallax "For 25+ years Parallax has provided the electronics industry with high-quality robotics, revolutionary microcontrollers, a wide variety of sensors and a complete line of learning kits for beginners and educators. Our Boe-Bot robot is an approved platform for the Boy Scouts Robotics Merit Badge."

University of Charleston School of Pharmacy 'The University of Charleston School of Pharmacy's Technology Quest tent will provide participants with hands-on opportunities to learn about, and how to help their fellow scouts who face an allergy or asthma attack. Scouts will view a simulation mannequin having a reaction to a bee sting or asthma attack, race each other at a quick recall station, compound mucus, and more!'

Virginia Bioinformatics Institute "With Virginia Bioinformatics Institute, scouts will be battling a virtual Zombie Virus spreading throughout the Jamboree population. To fight the Zombies and save humanity, the scouts must work together to vaccinate the population against the mutating Zombie Virus, using smart phones or provided wrist bands."

West Virginia University "Solve the Crime! West Virginia University will bring ten forensic science learning activities representing six areas of forensic science to Technology Quest. Scouts will have the opportunity to engage in cutting-edge forensic science technology related to fingerprints, blood spatter, firearms, footwear, biometrics, and ALS (alternative light source) evidence detection."

Technology Quest and WVU are also providing two Science Behind the Sport initiatives: West Virginia University is developing a web site for Scouts attending the Jamboree to appreciate the Science Behind Riding a Zip Line. Utilizing the equations on the web site, Scouts will be able to predict the maximum velocity of their ride. In addition, WVU will have an interactive display at High Gear that will address the Science Behind Cycling, providing Scouts with a better understanding of the intricacies of cycling.

Troop Instructions: TECHNOLOGY QUEST AT THE CLOUD (designated on the daily schedule as TQ): Each unit will have an assigned HALF-DAY session to visit Technology Quest. The Technology Quest program is located at THE CLOUD. The unit is free to do other program activities either before or after their session at TQ. A good choice would be to do ELECTIVE activities at THE BOWS, THE BARRELS, the TRAX or THE PARK since those venues are all in the same general area as THE CLOUD. But that's up to each unit or participant to decide. There is a LOT to see in Technology Quest so be sure to be on time for your session – you won't want to miss a thing!

GARDEN GROUND MOUNTAIN TREK
(designated on the attached daily schedule as TREK):

On the day that the unit is assigned to do their TREK, a member of the Order of the Arrow staff will come to the campsite during breakfast. He will be their TREK GUIDE for the day. He will check to make sure that everyone is ready and has their daypacks filled before gathering them up to begin their TREK. The SM and other adults will have the option to trek or have a day off to visit SUMMIT CENTER and do some activities. However, at least one of the adult leaders must make the TREK to maintain Scouting's two-deep leadership policy. Those leaders who do not make the TREK will be invited to bring their lunch to the staff dining room in Base Camp ECHO and participate in a special information session about the future development and programs at THE SUMMIT in 2014 and beyond. The hike from the campsite to the top of GGM will take from 1-1/2 hours to 3 hours depending on which base camp is the starting point. ALPHA is the closest base camp to the trailhead and FOXTROT is the furthest away. The first section of the trail is somewhat challenging but not overly strenuous. As you approach the top of GGM, the trail gets a bit steeper. The activities on GGM include the OA Indian Village, Buckskin Games, Pioneering, Highland Games, Field Sports, Midway Games and many other challenging and entertaining activities. In the afternoon, the unit will assemble with their TREK GUIDE for a brief closing show and ceremony. Afterwards, the units from base camps CHARLIE, DELTA and FOXTROT will hike down to an assembly area and board a bus for a short ride back to the STADIUM where they unload and then return to their subcamp. The troops from base camps ALPHA and BRAVO will hike an easy downhill trail (approx. 1 hour) back to their campsite.

MESSENGERS OF PEACE DAY OF SERVICE
(designated on the attached daily schedule as MOPDOS):

On the day that the unit is assigned to do their MOPDOS, everyone should be dressed in their work clothes (long sleeved shirts and long pants), and have their daypacks with lunch and plenty of water. Depending on the location of their subcamp, the units will head to their assigned bus loading area at the appointed time (either 7:00 AM or 8:00). They will be met there by a member of the Order of the Arrow staff who will assist them in loading onto one of 160 school buses. The bus driver will take them on a 30-90 minute journey through the WV countryside to one of over 375 project sites in the nine counties surrounding THE SUMMIT. The service projects will be many different varieties. It may be painting structures in a town park. It may be brush removal or trail work. It might even be helping a small community restore a mine office that now serves as a local museum. At their project site, the local residents will provide them with tools and materials and instructions on what needs to be done. The SPL and his Patrol Leaders will execute the plan. The adult leaders should guide as needed and make sure that everybody works safely and stays hydrated. After lunch and finishing their assigned task, the bus will take the unit back to the Summit Center. The unit will walk back to their campsite to clean up for dinner. Afterwards, the Troop will be visited by a member of the Order of the Arrow who will lead them in a "reflection" on their DAY OF SERVICE. They will talk about what it means to be a "servant-leader" and hopefully commit themselves to support the MESSENGERS OF PEACE initiative sponsored by the WORLD ORGANIZATION OF THE SCOUT MOVEMENT (WOSM).
