Day Gamp Arrives at Stonekaven

Week #4

This exciting 4th week of Cub Scout Day Camp brings us to our own Camp Stonehaven; a little piece of paradise nestled in the grape country of Ransomville, New York. This week we'll offer an exciting fishing program headed up by our resident fisherman, extraordonaire, long time Day Camp staffer and enthusiast Blaine Boeckel.

We'll be members of the safari traveling down the Nile River in our custom built river boats As in the previous weeks, we'll dig for the fossil remains of "Lucy (Australopithecine), the oldest humanoid on earth in the Oldevie Gorge in Tanzania.

We're guaranteeing that precious gems will be extracted from the Marble Mines of the Serengeti Plains will be able to be redeemed at Indiana Smith's Congo Trading Post and Emporium. There will be time to hike and climb to the 19,340 foot summit of Mount Kilimanjaro.

If your Cub like to fish, shoot a bow and arrow and a sling shot, or enjoy sports, crafts, camping out and just hangin' out, this is for him. We'll also take a hike around Lake Victoria to the ruins of the ancient temple of the king Rhamanoodledinidan and back to the Serengeti Plains for a break.

As in all previous sessions week, Nature Mary will make her weekly visit and excite us with her friends from the Tropics. Her pet tarantula, Maya with be there as well as her ball python and other exotic creatures of the jungle (again; no lions or tigers),.

All of our Cubs are invited to participate at one of our many Day Camp locations this summer. It's not too early to be talking about Cub Day Camp. All current Tiger Cubs will be Wolf Cubs at the end of the school year and may attend without a parent or Guardian accompanying them. This is an opportunity for families who

> or one reason or another can't or choose not to ttend cub Scout Resident Camp at Camp Scouthaven.
