 2. Designate which over- the-counter medications you approve of.
 3. ***Have your physician sign and date the Individual Medications Form.***
 4. *Parent/Guardian sign and date.*

Answer to question: According to Meghan Jones of Readers Digest: "If you grew up in the Caribbean, you learned in school that the word derives from [an indigenous tribe](#) called the Caribs," she explains. "'Carib' is pronounced with the accent on the first syllable: 'CAR-ib.' Therefore most natives of the islands pronounce 'Caribbean' with some version of emphasis on the first and third syllables."
