2004 NY-PA COLLEGE OF COMMISSIONER SCIENCE

Dear Fellow Commissioner (or wanna be):

Come help us celebrate our 20th year of the College. In these difficult times with declining Scouting membership, it is more important than ever that we do our jobs as Commissioners better than ever before. The 2004 College of Commissioner Science on **April 17, 2004**, will inform, educate, energize, and excite you so you can return to your Council better prepared to help meet the challenge to recruit, retain, and train!

The extensive College curriculum offers skill development for all Commissioners, from the newest to the most seasoned across every Commissioner role: unit, roundtable, district, and council. We have expanded our course offerings again to meet your continued requests.

You're not a Commissioner (yet)? This is a great training opportunity for all Volunteers and Professionals. Many of the College courses will help you better understand the Commissioner duties, and the role they play in district and council operations, no matter what your current role in Scouting is.

We are excited that our keynote speaker this year will be **Rick Cronk, National Commissioner of the Boy Scouts of America**. His message will be very timely as Commissioners join the effort to strengthen and retain our membership ranks and focus to train all adult volunteers.

For fun, for fellowship, for knowledge, and for an advanced training degree representing your commitment to Scouting and Commissioner Service, this is an opportunity you won't want to miss!
